Procedure in cases of imperfect partition

- (1) Application for partition shall be made in writing to the Deputy Commissioner or an Assistant Collector of the first class and shall be accompanied by a certified copy of the record showing the share held by the applicant in the mahal.
- (2) If the application is in order and not open to objection on the face of it, the officer before whom it is filed shall publish a notice of the same, specifying the land to be divided and the names of the applicants for partition and their shares and calling upon all persons interested in the partition to appear before him on a date not less than two months from the date on which such notice is issued.

- (4) On the date specified in the notice he shall consider any objection to the application and examine any persons interested and present in court. If an objection raises any question of title or proprietary right which has not already been determined by a court of competent jurisdiction, he shall require the objector to pay the fee chargeable under the Court Fees Act as if the petition of objection was a plaint and shall proceed to inquire into the merits of the objection. His inquiry shall be conducted in the manner provided for the trial of an original civil suit and his order and decision shall be open to appeal, as if they were passed in an original civil suit.
- (5) After decision of objections he shall record a proceeding declaring the nature and extent of the interests of the party or parties who may be affected thereby. Partition shall then be carried out in accordance with such rules as may be prescribed.

- (6) Every partition shall be sanctioned and confirmed by the Deputy Commissioner, who shall on its completion publish a notification of the fact at his office and at some conspicuous place on the mahal

*Orders for initial stages of procedure in partition cases, issued by the Commissioner of Kumaun after approval by the Board of Revenue in no.  $\frac{2072N}{11-130}$  dated the 20th August, 1900, (supplementary to revised partition rules under notification no.  $\frac{529}{1-106}$ , dated the 6th February, 1899.)*

1 If two or more co-sharers apply at the same time for separate partitions in the village, their applications shall be dealt with together; but if during the progress of partition a co-sharer who has not joined in the original application, files an application for partition of his share, such application shall be separately dealt with unless it shall have been filed before the expiry of the term allowed by the notice published under Rule 21 (2) of the Kumaun Rules

2 The copy of the record filed under section 21 (1) of the Kumaun Rules shall be a certified copy of the *muntakhab* of the share to be partitioned, if the village has been surveyed at the last revision of settlement, or if the records were then brought up to date, and in other cases a certified copy of the *phant*

3 If the application is not in order, or is open to objection on the face of it, it should be rejected or returned for amendment, if it is in order and not open to objection, the order for publication of the notice under Rule 21(2) and for the posting and service of copies of the notices under Rule 21(3) of the Kumaun Rules shall be passed, and the applicant shall be informed of the cost and required to pay them into the Court within a given time.

4 During the term allowed by the notice published under Rule 21(2) and (3) of the Kumaun Rules, a report shall be called for from the peshkar of the Land Record Office as to whether any alterations in the records have been made since the copy of the *phant* or *muntakhab* was given. The peshkar will also furnish a copy of any note recorded in the memorandum of village customs or corresponding documents, where such exist, regarding partition. At the same time the officer making the partition will cause the land to be verified, or if no map exists of the cultivation at the time of last settlement, to be surveyed (the fees being deposited by the applicant) with the view of ascertaining existing possession in the land.

5 On the day specified in the notice any objections made will be taken up and formally inquired into in accordance with Rule 21(4) of the Kumaun Rules.

6 If an objector raises any question of title or proprietary right the officer making the partition must proceed under the latter part of clause (4) of Rule 21 of the Kumaun Rules.

7 If there are no objections, or if the objections have been disposed of, the officer making the partition shall record, under clause (5) of Rule 21 of the Kumaun Rules, an order deciding that partition is to be made. If this order is made on the day fixed in the notice under Rule 21(2) of the Kumaun Rules, the partition inquiry shall be continued on that day. Otherwise the officer making the partition shall summon all the co-sharers interested in the land to be partitioned to appear before him on a date which shall not be less than 15 nor more than 30 days from the date of the order allowing the partition. The village map, together with the *khassra muntakhiz* and *phaut* should be obtained for examination in every case. In parganas where such records are kept by the patwari the summons shall require him to bring them.

8 On the date so fixed if the applicant does not attend, the case may be struck off and any costs that may have been paid may be returned after deducting any expenses incurred. If the applicant appears, he and such of the co-sharers as are present, and the patwari if summoned, shall be examined as to the custom of the village and the manner in which the partition is to be effected. The existence of *sir* (*khud*), gardens, dwelling houses, water-courses, temples, mills and the like, about which difficulties are likely to arise shall be carefully ascertained and so far as possible the wishes and consent of the parties shall be ascertained as to the mode of dealing with them and shall be recorded. Any dispute arising shall be settled or overruled by the officer making the partition.

9 A formal proceeding will then be drawn up by the officer making the partition with his own hand setting forth the amount of land of each class to be divided, the amount of each class held by each proprietor, the amount held by tenants-at-will, the amount held by *khailars*, and the area of the new or old fallow or land otherwise not in possession of any co-sharer. The rent of each *khailar* shall also be recorded. It shall also state the nominal interest as finally ascertained of each co-sharer who has joined in the application for the partition and of the body of proprietors who have not joined in the partition in the land to be divided, and the extent of *khudkisht* land of each class to which each is accordingly entitled and also the rental of the *khailars* due to each. It shall also specify how land held by co-sharers in excess of their authorized share is to be dealt with and whence the deficiency of land held by other co-sharers is to be made up, and how the *khailars* are to be divided amongst the co-sharers. So far as possible the rent of each *khailar* shall be assigned entire to

one or other of the co-sharers. But if it is not possible, or where there is only one *khatkar*, they or he will remain as before jointly under all the co-sharers. The amount of rent to which each co-sharer is entitled must be specified. If it has been decided that any particular field shall be assigned to a particular co-sharer, a note of any such arrangement shall be made, similarly a note shall be made if any special arrangement is made regarding any particularly valuable or worthless piece of land or any other matter. This proceeding shall be called the "Partition proceeding."

REVENUE DEPARTMENT

No  $\frac{529}{I-106B}$ .

*The 6th February, 1899*

In supersession of notification no  $\frac{1899}{I-106B}$  dated the 10th July, 1894 and under clause (b) of section 6 of the Scheduled Districts Act, 1874, His Honour the Lieutenant Governor of the North Western Provinces is pleased, with reference to rule 21 (5) of the rules for the administration of Justice in the Kumaun Division, to prescribe the following rules to regulate the procedure to be observed in carrying out imperfect partitions in that division —

PARTITION RULES

PART I — *Procedure*

1 When the partition proceeding has been drawn up under rule 21(5) of the Kumaun Rules, it shall be carefully explained to all the co sharers present, and their assent or dissent recorded and signatures attached. The costs as fixed in rule 32 shall then be realized.

2 When the case has been committed for investigation and report under section 229 of Act III of 1901 to an Assistant Collector of the second class, that officer shall submit the partition proceeding with the record of the case to the Deputy Commissioner of the district for instructions.

In all cases where the case is tried by an Assistant Collector of the first class the Deputy Commissioner may, by either a general or special order, direct that the partition proceeding be submitted to him before further action is taken.

3 The officer making the partition, or if it has been submitted to him, the Deputy Commissioner, shall decide by whom the partition is to be made.

4 Should the parties be allowed to elect to make the partition themselves or to appoint arbitrators for that purpose, the officer making the partition shall furnish them with such copies of the records as they may require, and shall fix a date on or before which they are to complete partition.

5 If it has been ascertained at the inquiry that a new survey of the mahal is necessary, the officer making the partition shall appoint an amn to survey the mahal and prepare

a new map, *khasra* and *muntakhir*. The *khasra* and *muntakhir* will contain the classification of soils as made at the last settlement.

6 If a new survey is not required, or in the event of a survey being necessary after the preparation of the new map, an *amin* shall be appointed to execute the partition in all cases where it is not to be made either by the parties themselves or by arbitrators. At the same time an order will be issued to all the co-sharers notifying the appointment of the *amin* and requiring them to attend him during the partition.

7 If a new survey is not required, a copy of the field map and *muntakhir* shall be given to or made by the *amin*, who shall test the map field by field and make any alteration or correction that may be needful. He shall also test and correct the recorded rental of the *mahul*.

8 The *patwari* of the circle within which the *mahul* is situated may, with the approval of the Deputy Commissioner, be appointed under rules 5, 6 and 7 as the *amin* to execute the partition if he possesses the necessary qualifications. When a *patwari* is thus appointed he will be paid as a partition *amin* and the *pat* of the circle will be given to a substitute by whom the regular work of the circle will be carried on while the *patwari* is engaged on the partition.

9 At the time of the appointment of the *patwari* or *amin* to make the partition a date shall be fixed by which he shall send in his proposals.

10 On being appointed to execute the partition the *amin* shall be furnished with copies of the survey papers prepared in the case if any survey has been made or otherwise with the verification list and copy of the existing map and settlement record filed with the *amildar* and *amildar* after the completion of the Partition. The *amin* will on the day of his appointment send to the village his total remuneration will be calculated with reference to the area, number of fields, number of shares to be divided and other points to be considered in connexion with the operation. Payments not exceeding in all half his total remuneration may be made at any time during the operation at the discretion of the officer making the partition. The other half will be paid on the completion of the work. He shall report progress at such intervals, not ordinarily being more than a month apart, as may be prescribed by the officer making the partition. Any unreasonable delay will be made a cause of the removal of his name from the list of *amins*, and may

entail the forfeiture of the whole or any part of the outstanding balance of his fees, as the officer making the partition may direct

11 Where the parties undertake partition themselves : date shall be fixed, after consideration of all the facts of the case, within which the partition must be completed, and if the case is referred to arbitration such date will be entered in the order of reference. The parties should be warned that if the partition is not completed by the date fixed and no good reason shown for the delay the officer making the partition may rescind his order permitting the partition to be made by the parties themselves or by arbitrators and proceed to make it under his own orders

12 On arriving at the village the amin shall go over the ground and make out proposals of partition in the manner prescribed in the partition proceeding marking out the proposed lots by coloured lines on the map and by earthen or stone cairns on the ground and making such rough schedules of the proposed lots as may be necessary. In cases where whole *khailars* have been assigned to any co sharer or to the body of proprietors who have not joined in the partition he shall point out the lands of such *khailars* which are affected by the partition. Otherwise he shall have nothing to do with the division of *khailars*. For the *khudkasht* land he shall draw up lists of the fields assigned to each co sharer according to the instructions given in the 'Partition proceeding'. He shall then point out to all the parties concerned on its ground the way in which he proposes to divide the land and shall hear their objections and make such alterations in his proposals as he may think necessary. When he has prepared the lists he shall supply a copy to the parties at their request on payment of a copying fee at the rate of four annas per copy of each lot supplied. All objections to the proposed lots should be filed in court within such time not being less than 15 or more than 30 days as the court may specify after the lots have been explained to the parties concerned who should be warned that the objections filed after the period allowed to file objections will be liable to summary rejection

13 On completion of this work the amin shall report progress to the officer making the partition and at the same time submit his proposals to the peshkar of the Land Record office who after examining them to see that they agree with the directions given and are arithmetically correct shall forward them without delay to the officer making the partition

who will then issue a notice to all the parties summoning them with the amin (and putwari if necessary) to appear before him on a day specified in the notice

14 On the day specified the officer making the partition shall examine the amin's proposals in the presence of the parties, and shall satisfy himself that they are understood by all concerned

15 If all agree to the proposals or to such amended proposals as the officer making the partition may think fit to make their agreement shall be recorded and attested by the officer making the partition. If any objections are made the officer making the partition shall hear them and record an order overruling them or amending the proposals to meet them as he thinks fit. If the objections are such that it is necessary to refer the case back to the amin for further report a further day shall be fixed for the hearing, and the co-sharers present informed accordingly

16 On the day fixed for hearing objections or on any subsequent day to which the case may be adjourned for that purpose the officer making the partition shall inquire into and dispose of them. He will where necessary decide what rent is payable for the sites of houses and other buildings and the *sir* (*khudkashit*) land of one co-sharer, if any which has been included in the lot assigned to another co-sharer and such rent shall be entered in the partition *muntakhiz*. At the same time if any disputes remain undecided he should if possible decide all other disputes which have arisen

17 When the proposals have been finally settled either by agreement of the parties or by order of the officer making the partition that officer shall so mark the map and lists that they cannot be altered

18 The map and rough schedule shall then be returned to the amin who shall forthwith make out in duplicate the records of the new mahals or *pattis* i.e. the new mahalswar *muntakhiz* and *ghants* in the same form as the records prepared at the last settlement. He shall erect earthen boundary marks at points where they may be required unless the officer making the partition shall direct that at any point a masonry boundary pillar or other permanent mark shall be erected. One complete set of the new records will then be despatched to the Land Records office by the officer making the partition and of these the copies of the *muntakhiz* and *phant* (as amended) will be handed over to the putwari by the peshkar of the Land Records office on the former's visit to that office after

their receipt. If a new map has been prepared under rule 5, the amin in charge of the survey will prepare a duplicate copy, of which one will be sent to the Land Records office with the other records, and the other, which will be signed after examination by the peshkar of the Land Records office to the patwari. If the copy made under rule 7 has merely been altered and corrected, a copy of the map so corrected will be prepared by the amin and made over to the patwari. This copy will be signed also by the peshkar of the Land Records office. The original copy of the corrected map will be recorded in the Deputy Commissioner's office.

19 The case shall then be reported to the Deputy Commissioner for confirmation under rule 21 (6) of the Kumaun Rules and notified in the manner prescribed. The Deputy Commissioner shall at the same time warn the persons concerned that they are responsible for the maintenance of the boundary marks.

An English statement in form A (appended) shall be drawn out, signed by the officer making the partition, and placed with the record.

20 Possession shall be given to the parties from such date as the officer making the partition may direct.

21 If on inspecting the file of pending partition cases the Deputy Commissioner finds any case has been pending for an undue length of time he should either himself visit or direct one of his assistants to visit the village.

22 The Director of Land Records and Agriculture, or, failing him the Deputy Commissioner, will hold an examination for partition amins who have obtained a certificate from a competent official (Assistant Surveyor or Deputy Commissioner) that they are qualified to survey a village situated in the hill.

The examination will be in the following subjects —

- I —Hindi
- II —Arithmetic
- III —Mensuration
- IV —These rules as far as regards the duties of an amin and the conduct of a partition
- V —The procedure for partitions prescribed in rule 21 of the Kumaun Rules
- VI —Questions concerning the preparation of *khasra* *muntal* *huk*, *phant* and *tasdiq* *fards*

All amins who pass the examination will receive a certificate of qualification, and the Director of Land Records and Agriculture will supply the Deputy Commissioner of the division in which the examination is held with a list of the amins who have passed. So long as amins who have passed the examination are available the Deputy Commissioner shall not employ any unpassed amin on partition work.

23 The Deputy Commissioner of the district shall maintain under his own signature a list of duly qualified amins who will be available to do such partition work as cannot be undertaken by the patwaris. The number of these amins should be fixed with reference to the probable amount of work in excess of that which will be done by the patwaris in order that each amin may derive from it a fair average salary. Unless no amin on the list is out of employ or likely to be out of employ within a fortnight an officer making partition shall always select the amin to be appointed under rule 6 from the men on the Deputy Commissioner's list. If none of these are available, an officer making a partition shall report to the Deputy Commissioner the name of the man he proposes to appoint and his reason for appointing him. The Deputy Commissioner may at any time remove the name of any amin from his list.

A character book shall also be maintained for each amin entered on the Deputy Commissioner's list. This book should be in the form appended (B) which has been brought on the Board's list of printed registered forms of Department II and can be purchased by the Deputy Commissioner at the Government Press at a cost of one anna and six pies per copy exclusive of postage. The Deputy Commissioner should realize the cost of the books required from the amins, credit the amount in the treasury and then forward his indent supported by the treasury receipt direct to the Superintendent Government Press for compliance. Each amin shall keep his own character book and shall submit it at the close of each partition when he claims the balance of his fees. The officer in charge shall record briefly his opinion of the way the partition was performed. No partition case shall be made over to an amin until he has produced his character book, and unless it shows that he can be trusted with the work. If an amin considers that an amin's work in any particular partition has been so inefficient or corrupt as to demonstrate his unfitness for further employment, he shall submit the character book and the record of the case to the Deputy Commissioner with a view to the removal of the amin's name from the Commissioner's list.

24 The officer making the partition, and any officer to whom a partition case has been referred under rule 2, shall keep up in his own handwriting a brief history of the case, in which he shall record every order of whatever kind which he may give during the course of the proceeding, and make a note of all important objections and his decisions on them. This record will be divided into the following parts, which must be kept distinct —

- (1) proceedings between the filing of the original application and the order allowing or disallowing the partition,
- (2) proceedings between the order allowing the partition and the final completion of the partition proceedings,
- (3) proceedings from the appointment of the amn (or reference to the parties or arbitration, as the case may be) and the filing of his partition proposals, and
- (4) proceedings between the filing of the award and the final order of the Deputy Commissioner confirming the partition

25 A register shall be maintained in each court showing all the partition cases pending in it and giving the following information in the appended form C —

- (1) Name of patti
- (2) Name of parties
- (3) Date on which the case was brought on the register of the court — the subsequent proceedings . the sub-sequent the proceedings . the court was transferred to the court for which the register is maintained)
- (4) Date on which application was filed
- (5) Date of issue of notice under clause (2) of rule 21 of the Kumaun Rules.
- (6) Date of final disposal of objections.
- (7) Date of partition proceeding
- (8) Date of reference to amn or patwari
- (9) Date of receipt of award
- (10) Date of final order, and
- (11) Explanations

26 This register will be inspected by the Deputy Commissioner of the district once every three months or oftener if he thinks necessary, and he should call for the brief history required by rule 24 to be recorded on each case of all cases pending over four months, and take such action as may appear to be necessary with reference to any irregularity or unnecessary delay he may find to have taken place. At his inspection of the Deputy Commissioner's office, the Commissioner will also inquire specially into the observance of this and other rules, and bring to the notice of the Board any serious cases of neglect which have come to his notice.

27 The register maintained under rule 25 will show the date on which a partition case is made over to an amun, and the Deputy Commissioner may at his discretion require the submission of a diary in the following form in all cases in which the amun has not submitted his papers within the period fixed by the court —

Day of week	Date	Place at which amin is	How engaged showing concisely what work was done

28 The officer in charge of a settlement shall have all the powers of the Deputy Commissioner of the district under these rules

29 The Deputy Commissioner of the district shall report the state of the partition files in his district to the Commissioner half yearly in the form D attached. The statement (Appendix C-IV) submitted yearly with the Revenue Administration Report will keep the Board informed of the progress of partition work in each district.

30 The foregoing rules will, *mutatis mutandis*, apply to the partition of the holdings of *khatkars*. The imperfect partition of a *khatkar* holding may be carried out at the request of one or more of the co sharers in the tenure, but the perfect partition of such a tenure, under which the holding of each *khatkar* co sharer will become a separate holding assessed to its own separate rent, and the joint responsibility of all the sharers in the tenure for the rent on the entire holding will cease, can only be effected with the consent of the proprietors whose tenants the *khatkars* are

## PART II — *Regarding the cost of partition*

31 The costs will be calculated as follows —

- (a) For verification of land a minimum charge shall be made of eight annas up to 20 nahs with four annas for each additional 10 nahs up to 200 nahs, and four annas for every 20 nahs above that amount
- (b) In partition cases when separate schedules have to be made in addition to verification an extra charge of two annas a schedule be made
- (c) In cases where it is necessary to have a map made an additional charge will be made at a minimum rate of eight annas for 10 nahs and four annas for every additional 10 nahs
- (d) If there are less than five co sharers in the mahal no addition shall be made to the costs on account of the number of co-sharers. If there are from 5 to 10, an addition of 10 per cent may be made if there are from 11 to 20 co sharers an addition may be made of 20 per cent if there are from 20 to 30 co sharers, an addition may be made of 30 per cent, and so on. Provided that not more than 100 per cent be added in any case on account of the number of co-sharers

32 The costs, calculated as in the preceding rule will be distributed among the parties to the suit, and a time given within which they must be paid. If they are so paid the amun or patwari will be deputed to give possession to the parties. If it is found in the course of the proceedings that the costs fixed under the preceding rules are insufficient, the officer making the partition shall have the power at any subsequent stage to fix and apportion such additional costs as he may think
